

## GRANTS FOR ESTRO COURSES 2012

Course grants are available for Junior ESTRO members, wishing to participate in ESTRO Teaching Courses.

### SELECTION CRITERIA

1. These grants are specifically meant for young ESTRO members who are still in training or have not achieved a permanent staff position yet and are unable to register without financial support.
2. Candidates should be active in the field of radiotherapy, radiobiology, radiation physics, or radiation technology.
3. Candidates should submit a curriculum vitae and a recommendation letter from their department head stating that financial support is essential for the candidate to enable her/him to attend the course.

### Address for application:

Viviane Van Egten – Course Coordinator  
ESTRO office, Av. Mounierlaan, 83, 1200 Brussels - Belgium  
Tel: +32.2.775 93 49 - Fax: +32.2.779 54 94  
E-mail : [vvanegten@estro.org](mailto:vvanegten@estro.org)

### Deadline for application:

31 January 2012 for ESTRO courses planned until 30 June 2012  
30 April 2012 for ESTRO courses planned between 1 July and 31 December 2012

**EDUCATIONAL GRANT APPLICATION FORM**

Surname : .....

First name : .....

Institute/dept:.....

Address : .....

.....

.....

Tel. : ..... Fax : .....

E-mail:.....

Date of Birth: .....  Junior ESTRO member

***applies for an educational grant for participating in the following course: (choose 1 course only)***

<b>ESTRO TEACHING COURSES – 2012</b>
--------------------------------------

- |   |   |
|---|---|
| <input type="checkbox"/> 12-16 February | Physics for clinical radiotherapy, Ghent, BE  |
| <input type="checkbox"/> 11-15 March    | Dose modeling & verification for external beam radiotherapy, Izmir, TR  |
| <input type="checkbox"/> 12-16 March    | Treatment planning for 3D conformal radiotherapy with a focus on positioning, set-up & verification, Dublin, IE |
| <input type="checkbox"/> 17-20 March    | Combined drug-radiation treatment: biological basis, current applications & Perspectives, Gdansk, PL            |
| <input type="checkbox"/> 25-29 March    | Radiotherapy with protons & Ions, Uppsala, SE   |
| <input type="checkbox"/> 25-29 March    | Multidisciplinary teaching course on prostate cancer, Lyon, FR  |
| <input type="checkbox"/> 1-4 April      | Modern brachytherapy techniques, London, GB   |
| <input type="checkbox"/> 15-19 April    | Molecular oncology for the radiation oncologist, Florence, IT   |
| <input type="checkbox"/> 15-20 April    | Evidence-based radiation oncology: a clinical refresher course with a methodological basis, Ljubljana, SI       |
| <input type="checkbox"/> 3-7 June       | IMRT & other conformal techniques in practice, Amsterdam, NL  |
| <input type="checkbox"/> 10-14 June     | Target volume determination – from imaging to margins, Porto, PT  |
| <input type="checkbox"/> 24-28 June     | Advanced treatment planning, Prague, CZ   |
| <input type="checkbox"/> 28-30 June     | Brachytherapy for prostate cancer, Lisbon, PT   |

- 1-4 July Multidisciplinary management of head & neck oncology, Cordoba, ES
- 2-6 September Clinical practice & implementation of image-guided stereotactic body radiotherapy, Wurzburg, DE
- 23-27 September Basic clinical radiobiology, Athens, GR
- 30 Sept - 4 October Advanced imaging for physicists, Istanbul, TR
- 7-10 October Evidence & new challenges in rectal cancer, Madrid, ES
- 9-13 October Imaging guided radiotherapy & chemotherapy in gynaecological cancer – focus on adaptive brachytherapy, Budapest, HU
- 18-20 October Multidisciplinary approach of cancer imaging, Rome, IT
- 15-18 November Comprehensive quality management in radiotherapy – Part I: Risk management and patient safety, Bruges, BE
- 18-22 November Image guided radiotherapy in clinical practice, Lausanne, CH
- 29 Nov – 1 December Multidisciplinary teaching course on lung cancer, Brussels, BE
- 2-4 December Modelling, Copenhagen, DK
